INTRODUCTION

The Department of Public Housing and Community Development (PHCD) administers Miami-Dade County's Community Development Block Grant (CDBG) Program. In this FY2016 Consolidated Request for Applications (RFA), PHCD is soliciting applications to fund activities with CDBG funds. This RFA is seeking applications to address high priority needs in areas designated as the County's Neighborhood Revitalization Strategy Areas (NRSAs) and Eligible Block Groups (**Attachment 16**).

Funds awarded from the United States Department of Housing and Urban Development (US HUD) are allocated to not-for-profit community-based development organizations, community development corporations, community-based organizations, municipalities, for-profit entities, and County departments to support activities that meet US HUD national objectives to benefit low-and-moderate-income (LMI) persons. The following paragraphs describe the objectives and requirements of the CDBG program, the categories of activities that will be funded, and available funding in this RFA.

NATIONAL OBJECTIVES FOR CDBG APPLICATIONS

The primary objective of the CDBG program is to benefit low- and moderate-income persons who earn at or below 80% of the area median income (AMI) and/or reside in census block groups where at least 51% of the population is at low- and moderate-income levels, defined in Title 24, Code of Federal Regulations (CFR) 570.208(a). Without exception, federal regulations require that all CDBG program activities meet one of the national objectives listed below:

- **Low/Mod Area Benefit (LMA)** - An activity that benefits all residents in a particular residential area, where at least 51% of the residents are LMI persons.
- **Low/Mod Limited Clientele (LMC)** – Activities in this category provide benefits to a specific group of persons rather than everyone in an area, where at least 51% of the beneficiaries of an activity are LMI.

CDBG funded activities for Public Service and Public Facilities and Capital Improvements categories must meet a CDBG national objective as either Low/Mod Area Benefit (LMA) or Low/Mod Limited Clientele (LMC) activities. The distinguishing factor between the two objectives is whether the service will be offered to all residents of a particular LMI area or to a particular group of LMI residents in the entire community.

- **Low/Mod Creation or Retention (LMJ)** – Activities designed to create or retain low/mod jobs, at least 51% of which will be made available to or held by LMI persons.

The CDBG National Objective for Economic Development (ED) projects is Low-Mod Job Creation or Retention (LMJ). Without exception, federal regulations require all ED activities meet the National Objective of Job Creation/Retention.

- **Low/Mod Housing Benefit (LMH)** – An eligible activity carried out for the purpose of providing or improving permanent residential structures which, upon completion, will be occupied by at least 51% low- and moderate-income households.

The CDBG National Objective for Housing projects is Low-Mod Housing Benefit (LMH).

Subsection 24 CFR 570.208 of the federal regulations provides a detailed description of the criteria to determine whether a CDBG-assisted activity complies with the national objectives stated above.

The following categories are identified for funding in this RFA, as specified in the County's FY2013 - 2017 Consolidated Plan approved by the Board of County Commissioners (BCC) on September 6, 2012 (**Attachment 4**):

- Public Service
 - General Public Service Activities
 - Technical Assistance to Small Businesses
- Public Facilities and Capital Improvements
- Economic Development
 - Microenterprise Lending
 - Business Incubator Assistance
 - Special Economic Development

The following funding amounts are projected to be available for each CDBG category:

Projection of Available FY 2016 CDBG Funds¹ by Category	
Commission District Fund ²	\$975,727
Technical Assistance to Small Businesses	\$400,000
Public Service Sub-Total	\$1,375,727
Public Facilities and Capital Improvement - RFA	\$2,292,880
Public Facilities and Capital Improvement Sub-Total	\$2,292,880
Micro Enterprise Lending	\$1,834,304
Business Incubator	\$917,152
Special Economic Development	\$917,152
Economic Development³ Sub-Total	\$3,668,607
Total	\$7,937,214

¹ CDBG funds are appropriated by the federal government. All federal funding amounts are estimates. This solicitation is subject to the receipt of the estimated amount of funds to be received from US HUD. Any award made as a result of this RFA may be reduced or rescinded based upon the actual level of funding received from the federal government. "If funding is affected by any other factor than the federal appropriations, these funds are subject to those influences (i.e. other federal processes)."

² Commission District Fund allocations will be awarded by the BCC from a list of eligible applicants. Funds will not be competitively awarded.

³ In accordance with Resolution #R-596-12, the amount designated for Economic Development activities represents not less than 50% of available funding to be allocated through the FY2016 RFA, after the reduction of funding reserved for administration and County departments.

ELIGIBILITY REQUIREMENTS AND EVALUATION CRITERIA

To be eligible for funding, all proposed activities must meet the requirements listed below. Applicants are strongly encouraged to consider these requirements before preparing an application, as these factors will be used to evaluate proposals.

1. **National Objective:** The proposed activity must meet the US HUD national objective of benefiting low to moderate-income (LMI) persons. Applicants proposing activities that will benefit low-and moderate-income persons will be required to provide appropriate documentation. Applicants must provide income eligibility requirements for the proposed activity or demonstrate that the activity is located in a Neighborhood Revitalization Strategy Area (NRSA) or Eligible Block Group (**Attachment 16**).
2. **Priority Needs:** Activities must address a high priority need identified in the County's FY 2013-2017 Consolidated Plan. Applications must describe how the priority needs will be addressed and provide supporting data. For the list of the NRSA Community Advisory Committee (CAC) Priority Needs, refer to **Attachment 5**.
3. **Organizational and Financial Capacity:** Applicants must demonstrate that they are fiscally sound and have the skills, ability and experience required to achieve US HUD's National Objective, and are able to meet other program requirements. Applicants will be evaluated on experience, organizational and administrative capacity, financial capacity and management. This will include a review of résumés, financial statements, monitoring reports, audit findings, and complete inspections of new proposed activity locations.
4. **Leveraging:** Where applicable, applicants must show that they have other sources of funding available for the proposed activity. Since the County only uses its federal and local funds to address funding gaps, other sources of funding must be **already** in place to ensure the successful completion of the project. Documentation must be provided with the application to verify the availability of leveraged resources. Applicants must have complete funding in place, except for the requested gap funding, and applicants must provide a Sources and Uses Statement. Applicants must demonstrate maximum leveraging with non-County funds.
5. **Timely Completion:** Applicants must demonstrate that they have a history of completing projects in a timely manner. For CDBG activities, **timely manner is defined in 24 CFR 570.902 as within one year or less for CDBG activities, with the exception of construction related projects, which may allow up to two years.**
6. **Track Record:** Prior funded agencies must be in good standing with respect to audit findings and have a track record of completing projects on time, submitting accurate and complete quarterly progress reports and addressing all monitoring findings. Applicants with an existing PHCD contract that have either 1) failed to demonstrate achievement of the National Objective, or appropriate performance measure under their existing CDBG, HOME, NSP and/or Section 108 loan agreements as well as SHIP and Surtax contractual requirements, or 2) are currently in a delinquent payment status with their existing County contracts, or 3) are in breach of an existing contract, shall be ineligible for funding under the FY 2016 RFA.
7. **Site Control:** Where applicable, applicants must demonstrate site control (e.g., recorded title, executed lease agreement, firm purchase contract, Option-to-Purchase, or Local Government Resolution) of the site or building proposed for funding. Projects related to real property improvements must be owned by the applicant or a long-term (7 years or more remaining on the lease at the time of contract) lease must be in place.
8. **Geographic Location:** When scoring applications, the County will give priority to activities located in and/or serve the NRSAs and Eligible Block Groups. Applications must describe how these areas and the residents will be served by the proposed activity. Activities in the Model City NRSA will receive 5 extra bonus points as part of the Liberty City Rising.
9. **Shovel Ready:** This means that laborers can begin work immediately upon approval, because the activity is past the planning, engineering and funding stages. An activity is shovel ready when the

following conditions are met: Environmental Site Assessment Reports (Phase I and/or II) are completed with a “No Further Action” recommendation, construction plans and specifications have been completed and approved by all local agencies, full funding of construction/operation phase is committed in writing (minus the gap funding requested), and construction/operation are ready to start pending the selection and award of the general contractor within sixty (60) days from the CDBG contract execution date with the County.

- 10. Credit Underwriting (CU):** An analytical process that determines the amount of financing necessary for completion of the construction and development of a project as indicated in a report prepared by an independent credit underwriter under the direction and oversight of PHCD. While the general intent of credit underwriting is to determine the development's ability to repay debt, the intent of the subsidy layering review is to determine the appropriate amount of “gap” financing and the reasonableness of cost allocations. Credit underwriting is also for the purpose of determining the terms of financing, whether the project is financially feasible, and whether the costs and risks associated with the project are reasonable. The terms and conditions of the County's loan may be changed pursuant to the CU at the discretion of the County. (Developer will be responsible for the cost of this analysis; however, this is a reimbursable expense).
- 11. Threshold:** Minimum requirements that must be satisfied for the application to be responsive. Per Resolution No. R-630-13 applicants are required to provide a detailed project budget, sources and uses statement, certifications as to past defaults on agreements with Non-County source and clear a due diligence check (**Attachment 44**) prior to funding commitment. Due Diligence checks will be performed up until the time of recommendations for award of funds, and findings will be reported to the BCC.
- 12. Subsidy Layering Review:** An analytical process that determines the amount of Government (public) financing necessary and the reasonableness of cost allocations. (Developer will be responsible for the cost of this analysis; however this is a reimbursable expense).
- 13. Supporting Documentation:** Written documentation or proof that provides relevant information to support items stated in the application.

ELIGIBLE APPLICANTS

Not-for-profit Community Based Organizations (CBOs), Community Development Corporations (CDCs), Community Based Development Organizations (CBDOs) and for-profit entities are encouraged to respond to this Consolidated RFA process by submitting applications for an eligible activity. ***Applicants may apply for multiple funding categories for the same project. However, the applicant must submit a separate application for each funding category.*** Funding eligibility criteria may vary by category. Applicants should refer to specific requirements and/or restrictions for each funding category as set forth in this application document.

Applicants proposing activities in: 1) entitlement jurisdictions other than Miami-Dade County must be able to explain and demonstrate the proposed activity is of ***Metropolitan Significance*** and/or is consistent with the high priority needs identified in Miami-Dade County's Consolidated Plan. “***Metropolitan Significance***” is defined as: a) an activity necessary to further the purposes of the Housing and Community Development Act of 1974; b) an activity necessary to further the purposes of Miami-Dade County's community development objectives; and c) an activity which will offer a reasonable benefit to residents within Miami-Dade County's entitlement jurisdiction's boundaries. For further information on eligibility requirements for the CDBG Program, refer to (**Attachment 7**).

INELIGIBLE ACTIVITIES

Regulations stipulate that the following activities shall **not** be assisted with CDBG funds:

The general rule is that any activity that is not authorized under the provisions of §§ 570.201-570.206 is ineligible to be assisted with CDBG funds. This section identifies specific activities that are ineligible and provides guidance in determining the eligibility of other activities frequently associated with housing and community development.

(a) The following activities will not be assisted with CDBG funds:

(1) *Buildings or portions thereof, used for the general conduct of government* as defined at § 570.3(d) cannot be assisted with CDBG funds. This does not include, however, the removal of architectural barriers under § 570.201(c) involving any such building. Also, where acquisition of real property includes an existing improvement which is to be used in the provision of a building for the general conduct of government, the portion of the acquisition cost attributable to the land is eligible, provided such acquisition meets a national objective described in § 570.208.

(2) *General government expenses.* Except as otherwise specifically authorized in this subpart or under OMB Circular A-87, expenses required to carry out the regular responsibilities of the unit of general local government are not eligible for assistance under this part.

(3) *Political activities.* CDBG funds cannot be used to finance the use of facilities or equipment for political purposes or to engage in other partisan political activities, such as candidate forums, voter transportation, or voter registration. However, a facility originally assisted with CDBG funds may be used on an incidental basis to hold political meetings, candidate forums, or voter registration campaigns, provided that all parties and organizations have access to the facility on an equal basis, and are assessed equal rent or use charges, if any.

(b) The following activities cannot be assisted with CDBG funds unless authorized under provisions of § 570.203 or as otherwise specifically noted herein or when carried out by an entity under the provisions of § 570.204.

(1) *Purchase of equipment.* The purchase of equipment with CDBG funds is ineligible.

(i) *Construction equipment.* The purchase of construction equipment is ineligible, but compensation for the use of such equipment through leasing, depreciation, or use allowances pursuant to OMB Circulars A-21, A-87 or A-122 as applicable for an otherwise eligible activity is an eligible use of CDBG funds. However, the purchase of construction equipment for use as part of a solid waste disposal facility is eligible under § 570.201(c).

(ii) *Fire protection equipment.* Fire protection equipment is considered for this purpose to be an integral part of a public facility and thus, purchase of such equipment would be eligible under § 570.201(c). (iii) *Furnishings and personal property.* The purchase of equipment, fixtures, motor vehicles, furnishings, or other personal property not an integral structural fixture is ineligible. CDBG funds may be used, however, to purchase or to pay depreciation or use allowances (in accordance with OMB Circular A-21, A-87 or A-122, as applicable) for such items when necessary for use by a recipient or its sub-recipients in the administration of activities assisted with CDBG funds, or when eligible as firefighting equipment, or when such items constitute all or part of a public service pursuant to § 570.201(e).

(2) *Operating and maintenance expenses.* The rule is that any expense associated with repairing, operating or maintaining public facilities, improvements and services is ineligible. Specific exceptions to this rule are operating and maintenance expenses associated with public service activities, interim assistance, and office space for program staff employed in carrying out the CDBG program. For example, the use of CDBG funds to pay the allocable costs of operating and maintaining a facility used in providing a public service would be eligible under § 570.201(e), even if no other costs of providing such a service are assisted with such funds.

(3) *New housing construction.* For the purpose of this paragraph, activities in support of the development of low or moderate income housing including clearance, site assemblage,

provision of site improvements and provision of public improvements and certain housing pre-construction costs set forth in § 570.206(g), are not considered as activities to subsidize or assist new residential construction. CDBG funds may not be used for the construction of new permanent residential structures or for any program to subsidize or assist such new construction, except:

- (i) As provided under the last resort housing provisions set forth in 24 CFR part 42;
- (ii) As authorized under § 570.201(m) or (n);
- (iii) When carried out by an entity pursuant to § 570.204(a);

(4) *Income payments.* The general rule is that CDBG funds may not be used for income payments. For purposes of the CDBG program, “income payments” means a series of subsistence-type grant payments made to an individual or family for items such as food, clothing, housing (rent or mortgage), or utilities, but excludes emergency grant payments made over a period of up to three consecutive months to the provider of such items or services on behalf of an individual or family.

The eligibility of activities is governed by the CDBG regulations found at 24 CFR Part 570, including but not limited to, 24 CFR 570.201 – 207.

In addition to the above activities, Miami-Dade County will not accept RFA applications for third party consultants, Project Management, Neighborhood Stabilization Program (NSP) nor Charter or Private Schools.

DRAFT

PUBLIC SERVICE

Approximately \$975,727 in CDBG funds are available for general **Public Service** activities in the FY 2016 RFA. To be eligible for CDBG assistance, a public service must be a **new service**, one which was not provided in the 12 calendar months before the submission of the County's FY 2016 Action Plan or a **quantifiable increase** in the level of service for a previously funded or existing service. **Public Service activities will only be recommended for funding by the Mayor and through the Commission District Fund (CDF) allocation process. All Public Service applications that pass minimum threshold requirements will be presented in a report to the BCC as eligible entities for the award of FY 2016 funding.**

National Objective

CDBG funded public service activities are typically categorized under the Low-Mod Income (LMI) benefit national objective as either Area Benefit (LMA) or Limited Clientele (LMC) activities. In order to meet the LMI criteria, the activity must:

- Serve at least 51% Low-Moderate Income persons, as evidenced by documentation and data concerning beneficiary family size and income;
- Have income-eligibility requirements which limit the service to persons meeting the LMI income requirement, as evidenced by the administering entity's procedures, intake/application forms, income limits, and other sources of documentation (**Attachment 33**); and
- Serve primarily LMI persons or a LMI income area.

Eligible Activities

Public Service activities **must principally benefit low- and moderate-income persons**. Entities eligible for funding include Miami-Dade County Departments, Participating Municipalities, and not-for-profit Community based Organizations (CBO's), qualified Community Based Development Organizations (CBDOs) and Community Development Corporations (CDCs). Eligible activities under the Public Service category are governed by US HUD regulations under 24 CFR 570.201(e).

Public Services. Provision of public services (including labor, supplies, and materials) including but not limited to those concerned with employment, crime prevention, child care, health, drug abuse, education, fair housing counseling, energy conservation, welfare (but excluding the provision of income payments identified under § 570.207(b)(4)), homebuyer down payment assistance, or recreational needs. To be eligible for CDBG assistance, a public service must be either a new service or a quantifiable increase in the level of an existing service above that which has been provided by or on behalf of the unit of general local government (through funds raised by the unit or received by the unit from the State in which it is located) in the 12 calendar months before the submission of the action plan. (An exception to this requirement may be made if HUD determines that any decrease in the level of a service was the result of events not within the control of the unit of general local government.)

CDBG funds may be used to pay for labor, supplies, and material as well as to operate and/or maintain the portion of a facility in which the public service is located. This includes the lease of a facility, equipment and other property needed for the public service. The CDBG regulations allow the use of grant funds for a wide range of public service activities. The following services are those determined to be a high priority as indicated in Miami-Dade County's FY 2013-17 Consolidated Plan.

- Transportation services
- Employment training
- Meals for the elderly and disabled
- Juvenile diversion programs
- Child care services

Additional public service activities may include, but not be limited to those listed below:

- Substance abuse services
- Health services
- Recreation services
- Energy conservation
- Education programs
- Legal services
- Services for senior citizens
- Services for homeless persons
- Crime awareness

Activity Requirements

If awarded funding, the entire CDBG award amount will not be available to access immediately, but will be distributed proportionately in accordance with each entity's project needs and budget during the contract period.

Ongoing Responsibilities and Monitoring

Entities receiving CDBG funds will be required to submit quarterly progress reports and will be subject to monitored site visits. The reports will be reviewed to assess the activity's progress in achieving the US HUD National Objective. Awardees must document and maintain records of persons served, services provided, and where applicable, household size and income documentation, for five (5) years after the US HUD National Objective is met.

Evaluation Criteria

Applications submitted under the Public Service category (with the exception of Technical Assistance) will only be evaluated based on **minimum threshold criteria (listed below)**. Entities **NOT** clearing the Due Diligence Investigation will be included in a final report to the BCC at the time of funding recommendations.

- *Operating costs* associated with public facilities or capital improvements are ineligible unless part of a CDBG-assisted public service activity or eligible as an interim assistance activity.
- A public facility otherwise eligible for assistance under the CDBG program may be assisted with CDBG funds even if it is part of a multiple use building containing ineligible uses, if:
 - The public portion of the facility that is otherwise eligible and proposed for assistance will occupy a designated and discrete area within the larger facility; and

Such activities may be carried out by the recipient or public or private nonprofit sub-recipients.

(b) The provision of assistance to a private for-profit business, including, but not limited to, grants, loans, loan guarantees, interest supplements, technical assistance, and other forms of

support, for any activity where the assistance is appropriate to carry out an economic development project, excluding those described as ineligible in § 570.207(a). In selecting businesses to assist under this authority, the recipient shall minimize, to the extent practicable, displacement of existing businesses and jobs in neighborhoods.

(c) Economic development services in connection with activities eligible under this section, including, but not limited to, outreach efforts to market available forms of assistance; screening of applicants; reviewing and underwriting applications for assistance; preparation of all necessary agreements; management of assisted activities; and the screening, referral, and placement of applicants for employment opportunities generated by CDBG-eligible economic development activities, including the costs of providing necessary training for persons filling those positions.

Determining Project Feasibility and Public Benefit

Special Economic Development Projects must demonstrate a sufficient benefit in return for the County's CDBG investment. HUD has established underwriting guidelines for selecting Special Economic Development activities to be funded. These guidelines have two parts:

Project Costs and Financial Feasibility

- Project costs are reasonable
- All sources of project financing are committed
- To the extent practicable, CDBG funds are not substituted for non-federal financial support
- Project is financially feasible
- To the extent practicable, the return on the owner's equity investment will not be unreasonably high
- To the extent practicable, CDBG funds are disbursed on a pro rata basis with other finances provided to the project

Public Benefit

When CDBG funds are used for Special Economic Development projects, applicants must demonstrate and ensure that a minimum level of public benefit is obtained. For purposes of this proposal, federal regulations require that at least one full-time equivalent, permanent job is created per \$35,000 of CDBG funds used.

PHCD will use HUD defined standards to evaluate and determine the financial feasibility of proposed Special Economic Development projects. PHCD will require **supporting documentation** when determining feasible projects, which **may include**, but not be limited to the following:

- Financial data to show proof that the applicant has funds available to cover the full project cost minus the CDBG funding request: bank statements and tax returns from the last three years
- Executed Construction Contract with a General Contractor and Sub Contractor's Permits
- Statement of the actual cost of goods, services and equipment proposed in the project: invoices from contractors
- Recent permitted and approved Construction Plans
- Current Business Plan
- Appraisals for properties to be acquired (if applicable)

Funding consideration will **ONLY** be given to projects that are deemed feasible.

If entities are seeking CDBG funds for a Special Economic Development project already in construction, please note that per 24 CFR Part 58.22, funds cannot be committed to an activity until the related environmental clearance is completed. While it may be true in rare cases that an environmental clearance causes work on a project to stop; typically entities apply for CDBG funds before construction begins and this is not an issue. It may be possible to structure an RFA proposal

whereby an activity is completed in phases, where completion of a phase of a project would make a facility viable and create jobs.

The documents that PHCD may require from applicants on a case-by-case basis are consistent with USHUD's voluntary project underwriting guidelines stated in Basically CDBG, Part 8.3.1. PHCD will determine which documents to request from entities to determine the feasibility of proposals. In the case of some projects, PHCD may elect to conduct underwriting to determine the feasibility of a project, prior to conducting the environmental clearance.

When an entity that receives CDBG funds elects to hire a contractor, whether to administer a program, complete a task or do construction, those contractors must be procured competitively, per 24 CFR Part 570.502. The small purchase procedures allow recipients to acquire goods and services totaling no more than \$100,000, without publishing a formal request for proposals or invitation for bids. Formal advertising with sealed bids should be used for all construction contracts or for goods costing more than \$100,000. Competitive proposals are used to purchase professional services where the total cost will exceed \$100,000, whereby a written request for submissions is published that specifies the selection criteria.

Non-competitive procurement may be used only when the award of a contract is infeasible under small purchase procedures, sealed bids, or competitive proposals and one of the following circumstances applies: 1) where the item is available only from a single source; 2) where a public emergency or urgent situation is such that the urgency will not permit a delay beyond the time needed to employ one of the above procurement methods; 3) where after solicitation of a number of sources, competition is determined inadequate.

The Davis-Bacon Act is triggered when construction work over \$2,000 is financed in whole or in part with CDBG funds. It requires that workers receive no less than the prevailing wages being paid for similar work in the same area. Davis-Bacon wage rates can fluctuate based on economic conditions, and the applicable rate may not be known until time of bidding. Proposers are encouraged to build in contingencies and general market conditions to their contracts to account for this possibility.

Ongoing Responsibilities and Monitoring

Entities receiving CDBG funds will be required to submit quarterly progress reports will be subject to annual monitored site visits. Progress reports will be reviewed to assess the entity's progress in creating jobs for low- and moderate-income persons. Awardees must document and maintain records of jobs created for five (5) years after the US HUD National Objective is achieved.

Evaluation Criteria

Only applications meeting the minimum threshold requirements will be scored. Applicants that do not meet minimum threshold criteria **WILL NOT** be recommended to the BCC for funding. Entities **NOT** clearing the Due Diligence Investigation will be included in a final report to the BCC at the time of funding recommendations. Applications for Special Economic Development activities will be evaluated and scored based on the following criteria:

Minimum Threshold Requirements

- Eligible Activity
- Meets US HUD National Objective
- Successfully pass Due Diligence Review
- Budget (demonstrating total project costs to include administrative and funds for direct services; and profit to be made by the person or entity)
- Sources and Uses Statement (indicating measureable project outcomes)
